

### LHS0117 1200L 320gallon capacity hydroseeder

The LHS0117 Hydroseeder is one ideal entry-level machine loaded with features that come standard with every unit. Mainly used for smaller hydroseeding projects such as professional quality seeding, fiber mulching and much more.

The LHS0117 goes everywhere you need it to go: residences, cemeteries, golf courses, sports fields, office and apartment complexes, parks, and more.

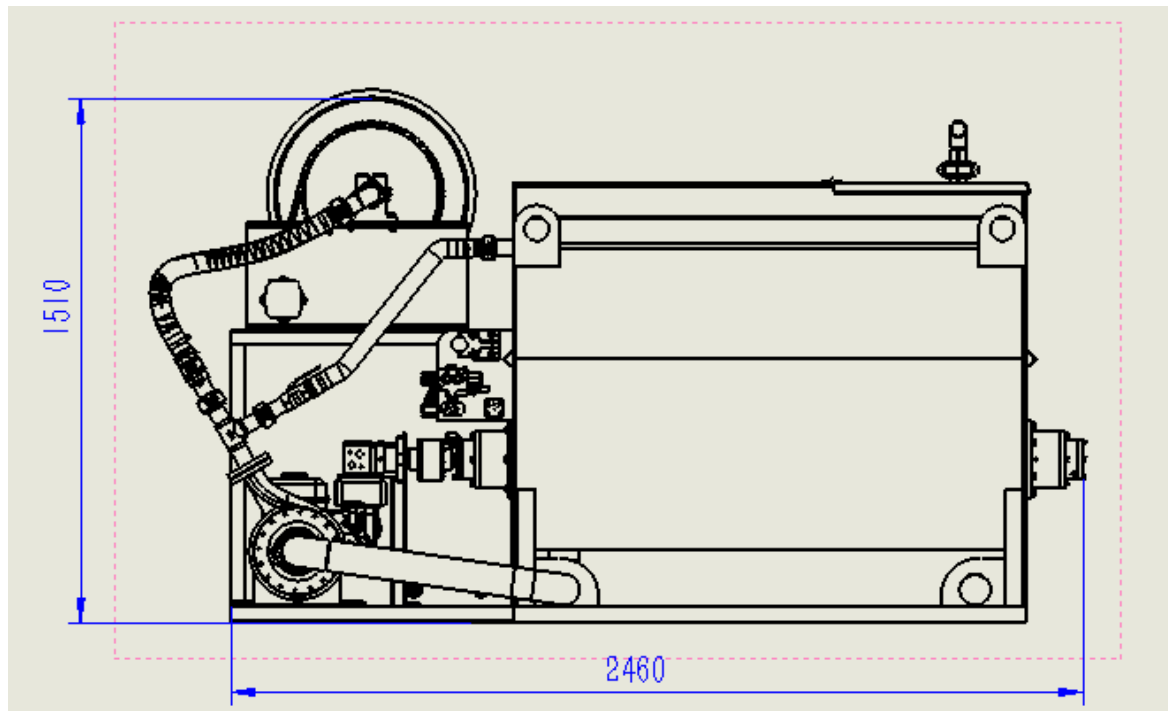

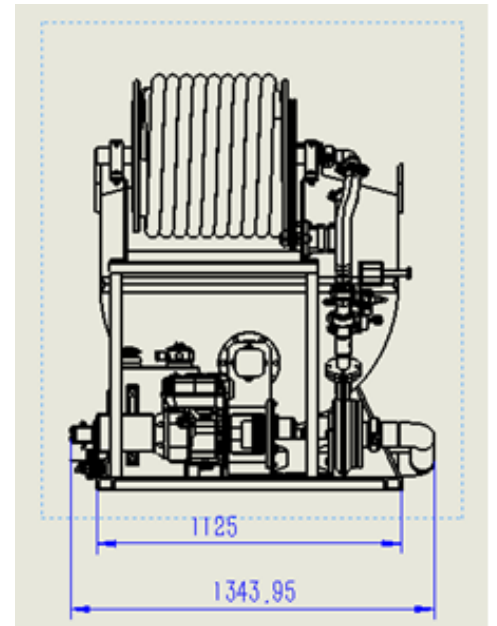

#### FEATURES AND BENEFITS

1. Durable, 1200L (320gallon) capacity steel tank
2. 17kw Briggs & Stratton gasoline engine, air cooled
3. Especially designed centrifugal pump: 3"x1.5", capacity15m/h, it handles the thickest of slurries with ease
4. With hydraulic or electric hose reel with a 30m rubber hose
5. Hydraulically-driven and reversible mechanical agitator, agitator with helical paddle orientation and liquid recirculation.
6. Spraying distance of up to 26m from the cannon
7. Reliable mechanics for long life and easy maintenance

8. Simple control for a one-man operation that is both economical and profitable

**TECHNICAL DATA SHEET**

<b>Model</b>	<b>LHS0117</b>
<b>Power</b>	17kw Briggs & Stratton gasoline engine, air cooled
<b>Tank size</b>	Liquid capacity: 1200L(317Gallon) Working capacity: 1000L(264Gallon)
<b>Pump</b>	Centrifugal pump:3"x1.5" (7.5X3.75cm), 15m <sup>3</sup> /h@5bar, 19mm solid clearance
<b>Agitation</b>	Mechanical agitator with helical paddle orientation and liquid recirculation
<b>Rotating speed of mixer shaft</b>	0-110rpm
<b>Maximum horizontal conveying distance</b>	26m
<b>Spraying guns type</b>	Hose gun
<b>Height of fence</b>	1100mm
<b>Dimensions</b>	2600x1340x1515mm
<b>Weight</b>	1320kg
