

LHPP14/68-22D Diesel Hydraulic Power Pack for Sale

Description

LHPP14/68-22D diesel hydraulic power pack for sale is widely used as hydraulic driving for engineering machinery, construction machinery, and mining machinery. Hydraulic power pack with a motor on the top of the power pack and pump inside the tank, thus get a compact structure, power consumption Small power, sufficient power, and small size, easy to move, has excellent performance even in harsh environments.

We have a diesel hydraulic power pack and electric hydraulic power pack for options, to meet your needs in different projects.

Application

LHPP14 / 68-22D diesel hydraulic power for sale is widely used as hydraulic driving for engineering machinery, construction machinery, and mining machinery.

Diesel hydraulic power pack for sale uses diesel drive devices, can be applied in areas where power supply is not convenient, simple structure, stable performance, sufficient power, small size for easy movement. It is the preferred equipment for hydraulic drives.

地址 ADD: 郑州市中原区西流湖街道办事处铁炉村西四环东

Features

1. Hydraulic power pack is equipped with Changchai steam type water cooling diesel engine.
2. Electric hydraulic power pack with wheels, move easily, very suitable for use at construction site.
3. Hydraulic power pack suitable for rough work circumstance, no matter what the project has outstanding performance, is the preferred equipment for hydraulic drive.

Technical Specification

Model	LHPP14/68 -22D
Rated	work pressure 14MPa
Rated output	68L(18gallon)/min
Rated Diesel	Rev. 2200 rpm
Diesel Power	22Kw/30Hp
Diesel Model	Changchai with water cooling (Steam type)
Overall Dimension	1750x1300x1500mm
Weight	550Kgs
